

Vacancy: Qualified Electrician

We're on the lookout for a fully qualified, experienced Electrician required to join our busy and friendly electrical firm, based in Redruth.

This is an excellent opportunity for an experienced Electrician to become part of a successful expanding business. Cornwall Electrical Contractors Ltd have built an enviable reputation for successfully delivering high quality projects to a broad range of clients across Cornwall.

Working within both the domestic and commercial markets, on planned and reactive maintenance, you will be expected to possess and demonstrate a good level of skill in the installation, fault finding and maintenance and testing of Electrical installations. With more of a focus on the commercial industry, experience in this sector is necessary for this position.

About you

- Must be competent in testing and certification of own works
- Must be familiar with working to the 18th Edition regulations to a good and efficient standard
- Experienced in the commercial/ industrial sector is preferred
- Must be self motivated, with good communication skills, able to liaise professionally and in a pleasant manner to both clients and colleagues

Qualifications

- City & Guilds, NVQ Level 3 or equivalent trade qualification in Electrical Engineering
- 2391 Inspection & Testing
- 18th Edition wiring regulations
- Be able to complete a DBS or hold a current DBS check
- Some clients require security clearance so these checks will be performed when required
- A clean and full UK driving licence

- Good rates of pay (depending on experience)
- 28 days paid annual holiday
- Optional pension scheme
- Uniform and PPE provided
- Company Van

This is full time position, 40hours per week
